

admission to a State bar, including three years experience in the law of real property. Real estate attorneys on the staffs of Division and District Engineers, who possess these qualifications, will be designated by the Division and District Engineers, in writing, to pass on the sufficiency of title to lands pursuant to the said delegation. The names of such attorneys shall be furnished to HQDA (DAEN-REA-P) WASH DC 20314 as soon as possible.

(2) A final opinion of title shall be issued in all acquisitions, except for easement acquisitions not in excess of \$1,000 which are governed by §644.69(b).

(3) Division and District Engineers are authorized to waive the issuance of written preliminary opinions of title where the closing of the case is based upon a certificate of title or title insurance issued by an acceptable and approved title company, in either fee or easement acquisitions.

(4) A preliminary and a final opinion of title shall be issued in all fee and easement acquisitions involving abstracts of title, except for easement acquisitions not in excess of \$1,000 which are governed by §644.69(b).

(5) Any final title opinion issued pursuant to the delegated authority shall substantially follow the format of the Attorney's Final Title Opinion (Figure 5-3 of ER 405-1-12).

(e) *Opinion of Attorney General.* Whenever the District or Division Engineer determines that a title defect is of such character that a possibility exists that it may be waived, the case shall be submitted to HQDA (DAEN-REA-P) WASH DC 20314 for review and transmittal to the Attorney General for a title opinion. The letter of submittal shall contain or be accompanied by the information and data required by §644.72(b).

(f) *Rejection Opinion.* If it is obvious that no possibility of waiver of a title defect exists, a title opinion shall be issued according to the procedure set forth in §644.67(d). Copies of such opinion shall be submitted with the condemnation assembly.

**§644.68 Title Clearance—Certificate of Title and Title Insurance.**

(a) *Curative Action.* Upon receipt of an acceptable certificate of title, ENG Form 903 or an interim binder on an

owner's title guarantee or insurance policy, ENG Form 1014, the title evidence will be reviewed by a qualified real estate attorney of the Corps of Engineers. Where the title evidence indicates that the acquisition of the land or interest therein by purchase is feasible, and a satisfactory ENG Form 42, Offer to Sell Real Property, or ENG Form 2970, Offer to Sell Easement, is received from the landowner and accepted by the Government, curative action will be conducted and curative material will be processed as follows:

(1) With regard to the title objections set forth in Schedule "B" of certificates of title or interim binders, it will be necessary to take such curative action as will insure the issuance of a final certificate of title or title guarantee or insurance policy showing title vested in the United States of America, subject only to those objections, if any, which have been administratively waived.

(2) As set forth in the title contract, the title company will authorize its local representative to give final approval of curative material furnished to satisfy such objections and insure their elimination from the final certificate of title or title guarantee or insurance policy. As such curative material is approved, the local representative of the title company will:

(i) Initial, or otherwise indicate, on the margin of the preliminary certificate or interim binder, the fact that the objection has been eliminated through the procurement of satisfactory curative material.

(ii) Determine whether or not he wishes the curative instrument recorded and if the instrument is to be recorded, so indicate on the margin of the certificate or interim binder. By the express terms of the offer to sell, the vendor is responsible for payment of recording fees on such curative material.

(iii) Where curative material is not recorded, the title company will be permitted to retain such material if they wish it for their files; otherwise, it will be placed with the title assembly. If the original curative instruments are retained by the title company, true copies will be transmitted with the

Final Title Assembly to HQDA (DAEN-REA-P) WASH DC 20314.

(b) *Intermediate Certificates or Interim Binders.* In the following types of cases, it may be necessary, after examination of the preliminary certificates of title or interim binder, to obtain intermediate certificates of title or interim binders in order to perfect title prior to closing the transaction:

(1) When the signer of the offer is not the record title holder but is the holder of a contract for purchase, recorded or unrecorded, the preliminary certificate of title or interim binder will show title in the record title holder. In such cases, the certificate or binder will make appropriate reference to the contract. It will recite the action necessary to complete the contract and effect transfer of title from the record holder to the contract purchaser. When the deed to the contract purchaser is recorded, an intermediate certificate of title or interim binder, in proper form, will be obtained.

(2) In those cases in which record title is vested in a deceased person, the preliminary certificate of title or interim binder may be issued in the name of the deceased record owner, followed by the word "deceased," and will be accompanied by a letter from the title company stating whether a judicial proceeding will be required, or whether affidavits of heirship, or other forms of proof, will suffice to permit the issuance of intermediate certificate or binder showing title vested in the heirs of the deceased.

(i) Where a judicial proceeding is required, action will immediately be taken by the owners to perfect title by such proceeding, and, upon completion, an intermediate certificate of title or interim binder should be obtained. If such action cannot be completed within 60 days, action will be taken to acquire the tract by condemnation, § 644.72(a).

(ii) Where a judicial proceeding is not required, it will be necessary to effect the necessary curative action and obtain an intermediate certificate or interim binder showing title in the heirs of the deceased record owners.

(3) In those cases in which conveyance to the United States is to be made by a fiduciary, a corporation, a politi-

cal subdivision, or an unincorporated association, the certificate of title or interim binder will state whether the proposed grantor has legal authority to convey valid title to the United States, and, if so, will cite the source of the authority. If the preliminary certificate of title or interim binder does not so indicate, it will be returned to the title company for correction or for issuance of an intermediate certificate of title or interim binder.

(4) Where the certificate of title or interim binder contains any objection, or reference to liens of taxes, assessments, bonds, or other indebtedness of a road improvement, school, drainage, or other type of special improvement district, the specifications provide that the certificate or interim binder will also contain reference to the statute or statutes, under which the district was created, its bonds issued, and its taxes levied; the amount of taxes and assessments levied and bonds issued; and other additional pertinent information. If the preliminary certificate or interim binder does not contain sufficient information to enable an examining attorney to determine the nature and extent of the lien, if any, on the land, of such taxes, assessments and bonds, it will be returned to the title company for correction or for issuance of an intermediate certificate of title or interim binder. If the preliminary certificate or interim binder does not clearly indicate that the bonds or taxes of such district become a lien annually at the same time as the lien of ad valorem taxes attaches to land in the State and that the lien is of the same nature as the lien of ad valorem taxes, the information specified above must be obtained and a determination must be made as to the nature and extent of the liens of such bonds and taxes.

(5) Where the certificate of title or interim binder discloses a covenant or condition restricting the use of the land, the certificate or interim binder will set forth the restriction, will quote the provision imposing the restriction or creating the right of reverter for a breach thereof, and will state whether a release will eliminate the objection. If such information is not contained in the preliminary certificate of title or interim binder, it will be returned to
